ON-PAGE SEO CHECKLIST

Optimize. Rank. Grow.

A step-by-step guide to optimize your website and rank higher on Google.

MORE TRAFFIC | BETTER RANKINGS | MORE CONVERSIONS

1. Optimize Your Title Tag

Your title is one of Google's strongest ranking signals.

Checklist

- Include your primary keyword
- Keep it between 50–60 characters
- Make it compelling
- Add your brand name if possible

2. Perfect Your Content

High-quality content wins rankings.

Checklist

- Use one H1 heading
- Break content with H2 & H3
- Naturally include keywords
- Add internal links
- Add external authority links
- Write at least 1,000+ valuable words
